Cookie Policy

1. What is a Cookie?

Cookies are small data files saved to your device (computer, tablet, mobile phone, etc.) when you visit a website. Through these files, the website can remember visitor preferences and ensure the website operates more securely and efficiently.

Cookies are generally used for the following purposes:

- To enable the website to function
- To ensure security
- To remember user preferences
- To detect technical system errors

---

2. Types of Cookies

The cookies used on our website are divided into the following categories:

Strictly Necessary Cookies

These cookies are required for the website to function properly and are set by our systems. Without these cookies, the website cannot function correctly.

These cookies are generally used for the following operations:

- Secure session management
- Form submission processes
- Security checks
- Detection of system errors

No separate consent from the user is required for these cookies.

Technical / System Cookies

These cookies are used to ensure the website operates correctly from a technical standpoint.

In this context, the following technical information may be recorded:

- IP address
- Browser information
- Date and time of visit
- System log records

This data is processed solely for the purpose of system security and the detection of technical issues.

Analytical Cookies (If Applicable)

Analytical cookies may be used to understand how the website is used and to improve service quality.

These cookies may process the following information in an anonymous or pseudonymous manner:

- Pages visited
- Duration of visit
- User behaviour

Analytical cookies are used only with the explicit consent of the user.

---

3. Cookie Retention Periods

Cookies are divided into two categories based on their retention period:

Session Cookies

Cookies that are automatically deleted when the browser is closed.

Persistent Cookies

Cookies that are stored on your device for a specified period and are automatically deleted upon expiry.

---

4. Managing Cookies

Users may change their cookie preferences or block cookies at any time.

You can manage cookies through your browser settings.

---

5. Third-Party Cookies

Our website may, in some cases, use cookies from third-party service providers. These cookies may be used for the following purposes:

- Security services
- Hosting services
- Analytics services

These cookies are subject to the privacy policies of the respective service providers.

6. Data Protection

Personal data collected through cookies is processed in accordance with the General Data Protection Regulation (GDPR).

Data obtained through cookies is used solely for the purposes of:

- System security
- Technical operation
- Fulfilment of legal obligations

For further information, please review the Privacy Notice page available on our website.

7. Policy Updates

This Cookie Policy may be updated as necessary. The current version is always the version published on our website.

Our website uses cookies for necessary technical operations and optional analytics. Optional cookies are not activated without the user's consent. Necessary cookies operate in all cases.

1. Cookie Types and Purposes

Cookie Type	Purpose	Data Collected	Retention Period	Requirement
Necessary	Website functionality, session management	IP address, browser information, session ID	Until browser is closed / 1 day	Mandatory
Functional	Remembering user preferences	Session information, user preferences, form session ID	6 months	Optional
Analytics	Monitoring site performance	Anonymised IP address, browser	1 year	Optional

Cookie Type	Purpose	Data Collected	Retention Period	Requirement
		information, page view count
